Taking care of your Family is one of the most important things we do!

Remember Sons, Daughters, Brothers, Sisters, Parents, Aunts, Uncles, Grand Parents, & Cousins can join!

One of the greatest gifts you can give to your children is how to save and manage their money.

Teaching them at an early age how you can save for something will set the foundation for success later.

Start out by opening up a Savings account and have them come in and deposit a portion of what they get or earn. Start depositing even a small portion of your check each payroll period to prepare for college, or wedding expenses.

A BIG Thank you goes out to them all for making our Credit Union the Greatest place to come to for all your needs. Without all of their dedication and caring things wouldn't be running always as smooth as they are. Thank them All for the on going dedication.
